Context:

Our Selected Issue

- **WHAT IT IS:**
 - Poverty **limits** access to education
- **WHY IT MATTERS:**
 - Leads to **illiteracy**, child labor, and long-term **inequality**

ORIGINAL MEDIA: BILLBOARD

• FEATURES

- Poor child + school items
- Visual **contrast** (poverty vs education)

• PROBLEMS

- Text too small
- Poor readability
- Weak layout
- **No call to action**

RECREATION OF BILLBOARD

- HIGHLIGHTS

- Strong title
- Clear text
- Statistics
- Donation number

26 million children aged 5-16 cannot afford schooling in Pakistan (PES-2023)

When Poverty blocks Knowledge

Millions of children across Pakistan are forced to leave school. The reason?

They cannot afford school fees, books, uniforms, or transportation. Many are pushed into child labour to support their families instead of studying, making education an unaffordable dream.

This takes away their childhood, and traps them in a cycle of poverty, preventing them from reaching their true potential.

Education gives children skills, confidence and the strength to attain success for themselves and their communities.

With proper support such as financial aid, and safe learning environments, children can return to school and continue their education.

ORIGINAL MEDIA: PSA

- **Strength:**
 - Emotional appeal
- **Weakness:**
 - Limited reach
 - Less clarity

RECREATION OF PSA

- **WHY RADIO?**
 - Reaches **unique subset** of audiences
 - Easier to understand
 - Engages emotionally through story

AUDIENCE REACTIONS

- **OBSERVATIONS IN ORIGINAL MEDIA**

- Strong visuals noticed
- Emotional discomfort
- Message **partly unclear** (billboard)

- **IMPROVEMENTS NOTICED IN RECREATION**

- Clearer message
- More readable
- Strong call to action
- **Opportunity to contribute**

- **CRITICISM:**

- **Less** emotional authenticity
- Too designed

“I think, people in my generation would be more inclined by the audio than the video, to share and view, so that was a good change.”

- Ms. Aisha Saqib

FINAL REFLECTION

- **IMPACT**

- Increased **motivation** to help
- Better **understanding** of issue
- Stronger engagement

- **KEY FINDINGS**

- Media **influences** perception
 - Format matters
 - Clarity + emotion must be **balanced**
